Are you interested finding out about Science, Engineering & IT?

18th, 19th & 20th October, 2016
8am – 2pm daily
Charles Darwin University, Casuarina Campus
Student Cost: Nil

The NT ConocoPhillips Science Experience is proudly brought to you by CDU Faculty of Engineering, Health, Science & the Environment is aimed at year 9 level, and is highly valued for its exceptional interactive learning experiences. It provides a unique range of educational seminars and interactive activities from learning areas such as; IT, Flinders NT Medical Program, Exercise Sports Science, Pharmacy, Environmental Science, Engineering, Horticulture/Aquaculture and ConocoPhillips Australia - Darwin with a LNG Plant seminar and tour.

This event promises to open students’ eyes to the world of possibilities, explore the many career, study and employment opportunities available to them in the NT. Participating students gain a much needed awareness of what they need to do now, whilst at school, empowering them to want to become a high achiever to ensure they do have choices after completing year 12. Charles Darwin University is a dual sector university providing both Vocational Education & Training (VET) and Higher Education.

Our NT program is open to any interest student, regardless of their academia. With the support of local Government, Industry, Business, Institutes and Rotary Clubs, to raise the much needed funds to pay the national student fee.

Registration forms will be available from Monday 25th July, with the NT program limited to 100 students
