

Faculty of Engineering, Health, Science and the Environment (EHSE)

Schools within the Faculty

- School of Engineering and Information Technology
- School of Psychological and Clinical Science
- School of Health
- School of Environment

Engineering Courses

- First year of undergraduate study is common - allows students time before choosing their area of specialty
- Specialities in chemical, civil & structural, electrical & electronic, mechanical
- EA and EURACE accreditation

Courses	Length
Diploma of Engineering	1 year FT
Associate Degree of Engineering	2 years FT
Bachelor of Engineering Honours	4 years FT
Bachelor of Engineering Science	3 years FT
Bachelor of Engineering Science/ Master of Engineering	5 years FT
Master of Engineering	2 years FT

Information Technology Courses

Courses	Length
Diploma of Network Engineering	1 year FT
Associate Degree of Network Engineering	2 years FT
Bachelor of Information Technology	3 years FT
Bachelor of Software Engineering	3 years FT
Master of Information Technology (Software Engineering)	2 years FT
Master of Information Technology (Business Information Systems)	2 years FT

Engineering and Information Technology Courses

- Very strong demand from local industry for CDU Engineering and IT graduates
- Major projects in Darwin and the Northern Territory
 - Power generation
 - LNG
 - National Broadband
 - Mining and minerals processing
 - Port development
 - Airconditioning and building services
 - Consultancies

School of Psychological and Clinical Sciences

- Professionally relevant courses
- Dedicated Psychology Suite – for Masters of Clinical Psychology

Courses	Length
Diploma of Psychology	1 year FT
Diploma of Alcohol and other Drugs	1 year FT
Diploma of Counselling	1 year FT
Bachelor of Psychological Science	3 years FT
Bachelor of Psychological Science (Honours)	3 years FT
Master of Clinical Psychology	2 years FT
Graduate Certificate of Play Therapy	0.5 year FT
Diploma of Play Therapy	1 year FT
Master of Play Therapy	2 years FT

School of Psychological and Clinical Sciences

- Purpose built Pharmacy facility with mock pharmacy
- Good links with Community Pharmacy's, RDH, Path labs etc

Courses	Length
Diploma of Indigenous Medication Management	1 year FT
Diploma of Advanced Pharmacy Technician	1 year FT
Diploma of Counselling	1 year FT
Bachelor of Pharmacy	4 years FT
Bachelor of Pharmacy (Honours)	4 years FT
Bachelor of Medical Laboratory Science	3 years FT
Bachelor of Clinical Science (leading to NTMP)*	3 years FT

* NT Medical Program – joint degree with Flinders University

School of Psychological and Clinical Sciences

- Uses cutting edge Sports Technology
- Established International exchange programs e.g University of Worcester

Courses	Length
Diploma of Exercise and Sports Science	1 year FT
Associated Degree of Exercise and Sports Science	2 year FT
Bachelor of Exercise and Sports Science	3 years FT

School of Health

- All programs delivered online
- Professionally accredited
- Clinical training blocks and/or placements

Courses	Length
Diploma of Nursing (VET qual)	1.5 years FT
Bachelor of Nursing (pre-registration)	3 years FT
Bachelor of Midwifery	3 years FT
Bachelor of Health Science	3 years FT
Graduate Diploma of Child and Family Health	1 year FT
Graduate Certificate/Diploma of Clinical Nursing	0.5/1 year FT
Master of Clinical Nursing	2 years FT
Master of Nursing (Nurse Practitioner)	2 years FT

School of Health

Courses	Length
Bachelor of Humanitarian and Community Studies	3 years FT
Bachelor of Social Work	3 years FT
Bachelor of Social Work (Honours)	4 years FT
Graduate Certificate/Diploma of Emergency and Disaster Management	3 years FT
Master of Emergency and Disaster Management	2 years FT

Placements

- Placements are essential components of a number of programs offered at CDU, including Nursing, Midwifery, Child and Family Health, Social Work, Humanitarian and Community Studies, Pharmacy and Medical Laboratory Science among others.
- Placements are where students get to practice theoretical and practical skills and be exposed to their chosen industry in a real-life work setting.
- Students are placed throughout Australia

School of Environment

- Diploma of Science
- Bachelor of Science
- Bachelor of Environmental Science
- Science Honours
- Graduate Certificate in Spatial Science
- Master of Environmental Management

WIL Opportunities

- With research teams
- With industry partners
- With agency partners

Project Opportunities

- Short undergraduate projects
- Honours
- UTROP
- Volunteering and employment

Faculty Research Units

- Research Institute for the Environment and Livelihoods
- Research Centre for Health and Wellbeing
- North Australian Centre for Oil and Gas Centre for Renewable Energy

Office of the Pro Vice-Chancellors

Located in Building Blue 5
